Re: Life Member Recognition

Dear Mr. Rosen:

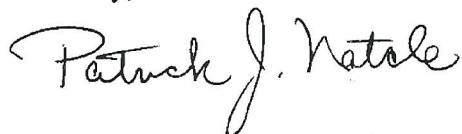

One of the main goals of ASCE is to ensure its members receive value from the services being offered. ASCE is continuously looking for ways to increase the benefit of your membership and ways to ensure our members receive the recognition they deserve.

ASCE is proud to have you as a member, and especially as a Life Member. We appreciate members, like you, who make our Society strong and the civil engineering profession a vital contributor to the building of better communities and improving the quality of life for people around the globe.

As a small token of thanks for your lifetime commitment to ASCE and the civil engineering profession, we proudly present you with this Life Member Certificate and gold plated lapel pin which confers upon you the status of Life Member in the Society. We hope that you will wear this lapel pin with honor and display this certificate proudly as a reminder of the dedication you have made to the civil engineering profession and the critical role you play within ASCE.

We thank you again for your lifetime of dedication and service to the profession of civil engineering. We look forward to serving your professional needs for many years to come.

Sincerely,

Patrick J. Natale, P.E., CAE, F.ASCE
Executive Director
